ABOUT THIS CAMPAIGN

The Smart Glasses on Campus campaign has been developed by the Smart Glasses Lab to support awareness of the privacy, consent, accessibility, academic integrity, safety and other issues emerging with smart glasses.

The resources are designed to help communities navigate smart glasses with, without and about them, guided by three principles:

Be respectful.

Treat others with consideration and respect in all spaces.

Be aware.

Understand the technology, its capabilities and its impact.

Be responsible.

Use smart glasses legally, ethically and in line with policies and expectations.

HOW TO USE THESE RESOURCES

- These posters may be displayed in schools, TAFEs, universities, workplaces and other relevant settings.
- Before publishing or displaying them, organisations should insert their own support, reporting or contact information in the designated areas. Several posters contain explicit placeholders for those local details.
- Organisations should also ensure that any local information about policies, assessment conditions, reporting processes or restrictions reflects their own requirements. For example, the academic-integrity poster states that smart glasses use in assessments or exams may breach policy and advises users to **check before use**.

ACKNOWLEDGEMENT OF COUNTRY

We acknowledge the Traditional Owners of the lands on which we work and learn, and pay our respects to Elders past and present.

We recognise their continuing connection to land, water and community and extend that respect to all Aboriginal and Torres Strait Islander Peoples.

COPYRIGHT & CONDITIONS OF USE

© 2026 Smart Glasses Lab. All rights reserved.

These materials may be reproduced and displayed for educational and non-commercial purposes with attribution to Smart Glasses Lab. Designated fields for local contact and support details may be customised.

These resources provide general awareness information and do not constitute legal advice. Laws, policies and requirements relating to smart glasses may vary between jurisdictions and organisations. Users should refer to applicable legislation and their organisation's policies and procedures.

QUESTIONS?

See the final page for more information and contact details.

SMART GLASSES ON CAMPUS

Be respectful. Be aware. Be responsible.

Smart Glasses can record, capture and connect. On campus, there are important legal, ethical and policy considerations.

For more information about Smart Glasses see here:
ai4education.org/smartglasseslab

WHAT SMART GLASSES CAN DO

Capture photos and videos of people and surroundings

Record audio including conversations

Display information in real time (e.g. prompts, translations)

Use AI assistance to analyse, summarise or identify content

Store and share data via connected apps and cloud services

WHY THIS MATTERS

Smart Glasses raise important considerations about privacy, consent, academic integrity and safety. Everyone on campus has the right to feel safe and respected. Be mindful of how your use of Smart Glasses may affect others.

KEY THINGS TO CONSIDER

PRIVACY & CONSENT

You must respect others' privacy. Do not record people without their knowledge and consent.

ACADEMIC INTEGRITY

Using Smart Glasses in assessments or exams may breach University policies. Check before use.

LEGAL OBLIGATIONS

You may be subject to laws including privacy, surveillance and copyright. Ignorance is not a defence.

RESPECT OTHERS

Think about the impact on those around you. Be respectful and considerate in all spaces.

SPECIAL SPACES

Additional rules may apply in sensitive locations (e.g. labs, clinics, exams, meetings).

PEOPLE MIGHT BE WEARING SMART GLASSES TO SUPPORT VISION

Some students, staff and visitors may use Smart Glasses or similar devices to support vision or accessibility needs. Please be respectful and avoid making assumptions.

LAB

I USE SMART GLASSES FOR ACCESSIBILITY REASONS

Smart Glasses help me access information, navigate, communicate and live more independently.

SMART GLASSES HELP ME:

Read and access information in real time

Navigate campus with confidence

Communicate more easily

Live more independently and participate fully

BE RESPECTFUL AND INCLUSIVE

Not all disabilities are visible.
Please be respectful and avoid making assumptions.
